    - Integration of the backend with the e-learning platform to have control over student data, grades, and progress of watched lessons.

## ABOUT ME

I am a passionate frontend developer who thrives on creating incredible experiences in every project I work on. With a constant thirst for knowledge, I am always seeking to learn more about the technologies I use and exploring new technologies in the field.

In both my personal and professional life, I am driven by curiosity and a desire for growth. I love delving into the world of web development, leveraging HTML, CSS, JavaScript, TypeScript, React.js, Next.js, and Node.js to bring ideas to life and craft visually stunning and interactive user interfaces.

## EDUCATION

University of Southern Santa Catarina -  
Unisul

Bachelor of Information Systems, 2015 -  
2021

## ADDITIONAL INFORMATION

Program Management: SDLC (Software Development Life Cycle), Resource Planning, Jira, MS Project.

Technical Skills: HTML, CSS, JavaScript, Node.js, TypeScript, React.js, Git, Github, Linux, Docker, Nest.js, Apache Kafka, Rest, Next.js, Jest, Styled Components, TailwindCSS, SASS, MongoDB, MySQL, GraphQL
